

# **BarPrint Pro from Lefkowitz Systems, Inc.**

The Best Inventory Label Printing System for SBT ProSeries!

What is **BarPrint Pro**?

**BarPrint Pro** is an enhancement for SBT ProSeries that prints bar-coded inventory labels from SBT's custom menu.

What kind of labels does **BarPrint Pro** print?

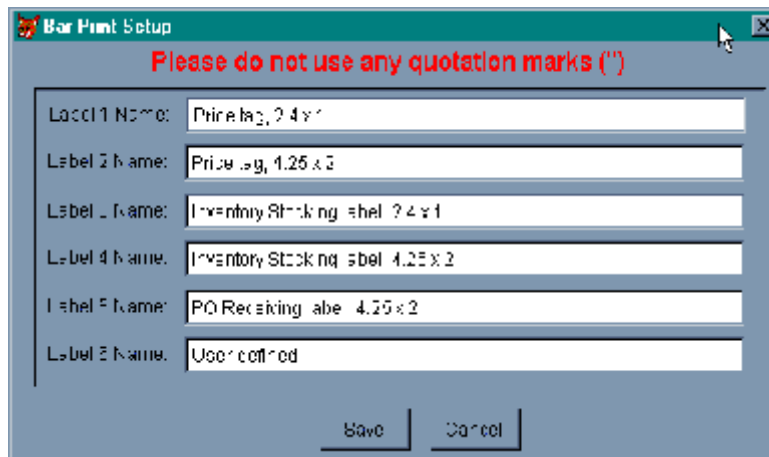

Price tags, stocking labels, and PO receipt labels, for example.

Does **BarPrint Pro** print true Windows labels?

Yes! You are not tied to a single printer model, font or printer port. All **BarPrint Pro** labels are printed through the Windows Print Manager.

How many **BarPrint Pro** label formats do I get?

Six. Set up each for different purposes. Select the label when you print.

Are the **BarPrint Pro** labels user-modifiable?

Yes, and modifiable under program control. You don't even need a copy of FoxPro!

How are the inventory data for the **BarPrint Pro** labels selected?

- By item
- Range of item
- Item location
- Purchase order number and PO number range
- Receipt date
- Default supplier
- Inventory class
- Inventory commodity code
- Serial number

Does **BarPrint Pro** support serial numbers?

Yes! Include or exclude serial numbers in the option grid setup. Tag serial numbers in a familiar SBT grid to print all labels, none or by individual serial number.

Do I have to print an item's list price or can I use SBT's price codes?

Either way is fine. You decide. Print list prices, price code prices or both!

Do I need an SBT source code license to use **BarPrint Pro**?

No, never! **BarPrint Pro** runs off of the Custom menu. All **BarPrint Pro** programs are external to SBT. No modification is made to SBT ProSeries.

Does **BarPrint Pro** come with source code?

Yes.

I'm sold! How do I buy **BarPrint Pro**?
